

Education

Interactive Arts and Technology (BA) | Simon Fraser University 2021 - 2026
Studied graphic design, UX/UI design, game design, computer programming, prototyping, media production and project management.

Experience

Livestream Producer | Anhui Jinjuan International Advertising
New Media Division Jan 2026 - Mar 2026

- Produced branded livestreams for marketing campaigns, overseeing live execution and stream flow. Monitored real-time chat and audience interactions, moderating comments and escalating inquiries.
- Coordinated with hosts, creative, and account teams to ensure smooth live delivery as well as editing the finished livestream to subsequently post on social media.

OOH Graphic Designer | Anhui Jinjuan International Advertising
Metro & Rail Advertising Sept 2025 - Jan 2026

- Designed large-format advertising creatives for subway stations, including platform walls, corridors, lightboxes, and station-level media placements. Developed campaign key visuals and adapted them across multiple OOH formats for subway environments.
- Prepared print-ready files, ensuring accuracy in scale, bleed, colour mode, and material requirements. Adapted brand assets across multiple formats while maintaining visual consistency and integrity.

Web Designer | Freelance Aug 2025 - Nov 2025

- Designed website layouts and page structures to support brand storytelling and campaign objectives. Ensured content hierarchy and visual structure supported usability and audience engagement.
- Developed user flows to guide visitors through key content. Wrote and refined website content, ensuring clarity, consistency, and alignment with brand tone. Sent clients organized invoices.

Graphic Designer | Landart @ China International Imports Expo Sept 2025 - Nov 2025

- Designed visual assets for a Landart lightbox product showcase and printed brochures supporting brand and marketing initiatives. Developed layouts and visual compositions tailored to large-format display and print media.
- Prepared print-ready files using Indesign and Figma, ensuring accuracy in dimensions, bleed, colour mode, and production specifications. Maintained visual consistency across different formats while adhering to brand guidelines

Projects

Graphic Designer & Illustrator | SFU FROSH 2025 Jun 2025 - Sept 2025

- Created graphic designs and original illustrations for promotional materials, including apparel graphics and banners. Developed custom illustrations to enhance visual storytelling and brand expression.
- Designed layouts and visuals across multiple formats while maintaining brand consistency. Prepared production-ready artwork for print and display applications through Figma and Procreate. Sent clients organized invoices.

UI/UX Design | "Hive Risk Orientation", School Project Sept 2024 - Dec 2024

- Within a timeframe of 4 months, tasked to create an interactive design solution to improve the risk management orientation at The Hive climbing gym.
- Conducted in person and online interviews for user feedback, as well as ethnographic research onsite at multiple Hive gyms to gain insight. Created user personas and user journey maps to improve user experience. Used Figma and After Effects to prototype high fidelity prototypes.

Game Illustration | "Wind Walker" Video Game, School Project Jan 2024 - Apr 2024

- Collaborated in a team of 4 to create a script for a digital narrative. Then, used that script as a basis to create a pixel side-scroller video game.
 - Procreate, Figma, and Unity were the core programs used to create and implement in-game arts and assets.
 - Used Procreate to create additional assets and illustrations for a supplementary website.
- Communicated with the team to properly create and implement assets that was consistent with the script.
