Print Production

Campaign Development

- Web Designer • Freelance**

AUG 2025 → PRESENT

 - Designed and prototyped layouts, page structures, and user flows for 3 websites comprising 10+ web pages, translating business requirements into intuitive user experiences.
 - Developed content architecture and navigation frameworks to support audience engagement and content discoverability.
 - Collaborated with 2 clients over multiple 3-month projects, refining website content and visual direction through iterative feedback.
- Livestream Producer Intern • Anhui Jinjuan International Advertising**

JAN 2026 → MAR 2026

 - Monitored real-time chat and audience interactions, moderated comments, escalated customer inquiries, and tracked order and return transactions to support smooth livestream e-commerce operations.
 - Created 90+ short form videos for digital marketing campaigns that generated over 250,000 cumulative views across social media platforms.
- OOH Graphic Designer Intern • Anhui Jinjuan International Advertising**

SEP 2025 → JAN 2026

 - Designed large-format advertising creatives for 6+ marketing campaigns across subway stations, including platform walls, corridors, lightboxes, and station-level media placements.
 - Developed campaign key visuals and adapted them into 30+ print and digital deliverables while maintaining brand consistency across multiple formats.
 - Prepared 10+ print-ready production files, ensuring accuracy in scale, bleed, color profiles, and material specifications for large-format installation.
- Graphic Designer • Landart @ China International Imports Expo**

SEP 2025 → NOV 2025

 - Designed visual assets for a Landart product showcase, producing 2 large-format lightbox displays, a 4-page marketing brochure, and a motion graphics product video to support investor outreach and brand promotion.
 - Developed layouts and visual compositions across print, display, and digital formats while maintaining brand consistency and marketing objectives.
 - Prepared production-ready files using InDesign and Figma, ensuring accuracy in dimensions, bleed, color profiles, and printing specifications.

PROJECTS

Illustration

Brand Identity

Typography

UI/UX Design

Prototyping

Game Design

Interactive Media Design

- Graphic Designer & Illustrator • SFU CSSS Frosh 2025**

JUN 2025 → SEP 2025

 - Designed and illustrated branded promotional assets for the SFU CSSS, including 3 apparel graphics, a large-format banner for both digital and print applications, and a design system to ensure visual consistency across deliverables.
 - Developed custom illustrations, typography, and visual concepts that strengthened brand identity of the event and supported marketing objectives.
- UI/UX Designer • Hive Risk Orientation, School Project**

SEP 2024 → DEC 2024

 - Collaborated within a 5-member team on a 4-month experience design project for The Hive Bouldering Gym, developing an interactive solution to improve safety orientation and risk management for new climbers.
 - Conducted 2 staff interviews across Hive locations in Vancouver and Surrey and analyzed findings from 2 user surveys, using qualitative research to identify pain points and opportunities for improving engagement with safety training.
 - Synthesized research into 3 user personas and 2 journey maps, generated 3 design concepts, and developed a 20-screen high-fidelity interactive prototype using Figma and After Effects.
- Game Illustrator • “Wind Walker” Video Game, School Project**

JAN 2024 → APR 2024

 - Collaborated within a 4-person team over 4 months to develop a playable pixel-art side-scrolling game based on an original digital narrative, delivering a complete 30-minute gameplay experience across 3 levels.
 - Designed and animated 2 main characters, 6 NPCs, and 3 environmental backgrounds using Procreate, creating visual assets that supported gameplay and storytelling.
 - Implemented and refined game assets in Unity, working closely with team members to maintain consistency between narrative, gameplay mechanics, and visual design.

EDUCATION

- Interactive Arts and Technology • Simon Fraser University**

2020 → 2025

B.A. Arts, studied graphic design, UX/UI design, game design, computer programming, prototyping, media production and project management.
